RE: Site Inspection, Black Knight gold, Inc, Prophecy #2 & 4 Mine, S/049/015, Utah County, Utah

Date of Inspection: October 12, 1999

Time of Inspection: 5:00 pm

Conditions: Cool and Clear

Participants: Lynn Kunzler and Doug Jensen, DOGM

Purpose of Inspection: Operator requested an inspection to close file.

The area indicated on the map submitted with the NOI for this site was inspected. We could not find evidence of any unreclaimed areas. Apparently, reclamation was very successful. A subsequent follow up call with the USFS indicated that they had released the reclamation surety several years ago and had closed their file.

It is recommended that DOGM also close this file. No photos were taken at this site.
